Subject Response to your letter dated 15 June 2026

Dear Ms Meijer,

Thank you for your letter addressed to the Prime Minister. In your letter you write about the war that Russia started in Ukraine. I read your letter carefully and I appreciate your concerns.

Russia's aggression against Ukraine has shown that we must actively protect peace and security in Europe. Ukraine has made enormous sacrifices, so it is vital that we help them defeat Russia's aggression by delivering arms, providing money and imposing the strictest possible sanctions on Russia. By doing whatever it takes, for as long as it takes.

Furthermore, Ukraine is taking a constructive stance in the diplomatic process and is working to achieve a ceasefire and truce. Unfortunately, Putin is still not showing that he is truly prepared to engage in serious talks. He continues to press his maximalist demands and to attack power plants and other civilian targets. So we need to keep giving Ukraine our unwavering support and ramp up the pressure on Russia.

Yours sincerely,

On behalf of the Prime Minister, Minister of General Affairs,

A.S. Posthumus  
Director Government Information Service
